

DVP-1200 Firmware Update Flash Drive Requirements:

Brand: SanDisk, Lexar, Samsung, Kingston, PNY, Corsair

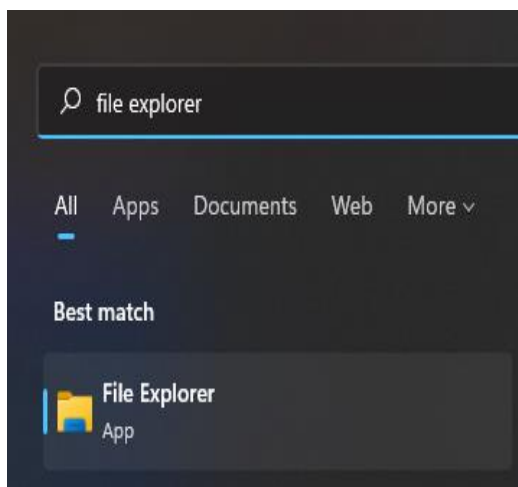

File Type: FAT32 (NTFS will not work)

Capacity: ≤32GB

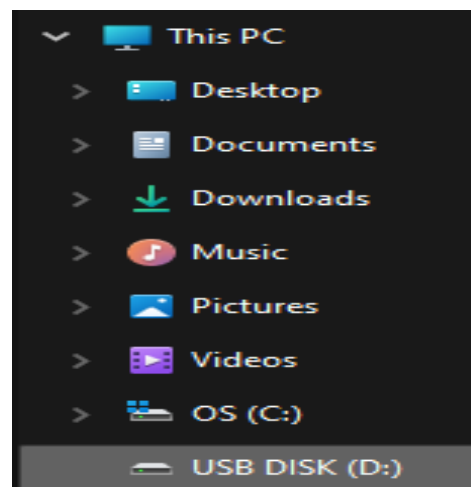

Version: USB 2.0, USB 3.0, USB 3.1, USB 3.2, and USB 4.0

The parameters of any flash drive can be verified using the sequence below. See Figures 1-1.3

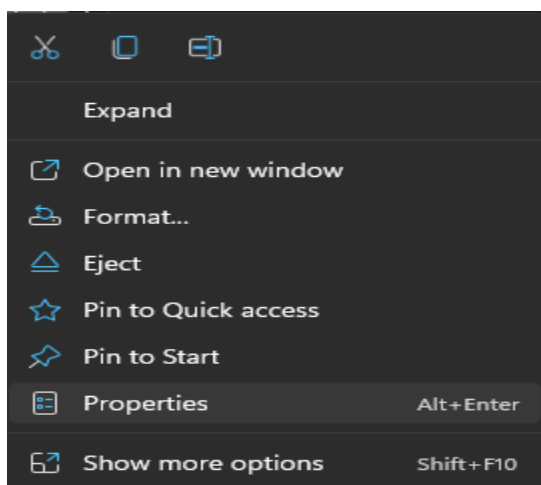

Open file explorer (Figure 1)

Select Installed USB Drive (Figure 1.1)

Right Click, select properties (Figure 1.2)

Verify the file type is FAT32 (Figure 1.3)
